

PLANET JR. IMPROVED

Alfalfa Cultivator

This Cultivator, by actual test, has cultivated to a depth of 7 inches in local soil and if properly used now, will pay for itself in extra yield of alfalfa. The PLANET JR. ALFALFA CULTIVATOR is strongly built, has Patent Spring Trips which is the secret of success in Alfalfa Cultivation, for they cause the Teeth to trip up on striking roots, rocks, etc. It is also a General Purpose Cultivator and is an implement every rancher should own. Come in or write for full particulars.
